## Blackbox Livery Install Guide

Please ensure you have the latest version of the aircraft installed.

### Step 1:

Extract each individual livery from the zipped folder to any folder.

### Step 2:

Open the Blackbox PreFlight Manager.

### Step 3:

Select Install from file in the bottom right corner.

### Step 4:

For each livery, select each livery and click open.

The liveries should now be installed.

Enjoy!
